ABOUT US

INTEGRATED PRECISION
MANUFACTURING SOLUTIONS

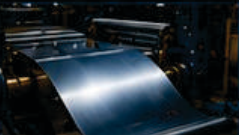

FROM COIL TO COMPONENT

GV Iron & Defence is a precision engineering and sheet metal manufacturing company specializing in HR, CR and Stainless Steel processing solutions.

With advanced manufacturing infrastructure including SENFENG CTL Line, Fiber Laser Cutting, CNC Bending and Fabrication systems, we deliver high-precision industrial components and assemblies for OEM and engineering applications.

Our integrated manufacturing approach enables efficient production from raw coil processing to finished fabricated components under one roof.

OUR CAPABILITIES

 	 	 	 	 	 
HR / CR / SS PROCESSING	COIL TO LENGTH	CNC LASER CUTTING	CNC BENDING	FABRICATION ASSEMBLIES	OEM MANUFACTURING

INDUSTRIES WE SERVE

 	 	 	 	 	 	 
DEFENCE	ELECTRICAL PANELS	DATA CENTERS	INFRASTRUCTURE	INDUSTRIAL EQUIPMENT	AUTOMOTIVE	ENGINEERING OEMS

WHY CHOOSE US

- ✓ INTEGRATED MANUFACTURING
- ✓ BULK PRODUCTION CAPABILITY
- ✓ ADVANCED MACHINERY
- ✓ FAST DELIVERY
- ✓ PRECISION QUALITY
- ✓ ENGINEERING EXPERTISE

PRECISION. STRENGTH. RELIABILITY.
