

GV IRON & DEFENCE

**PRECISION ENGINEERED. BUILT TO DELIVER.**

Integrated Manufacturing Solutions for Industrial & Defence Sectors

### ABOUT GV IRON & DEFENCE

We are an integrated precision manufacturing company specialized in CR Coil Processing, Laser Cutting, CNC Bending and Fabrication.

Our mission is to deliver high-quality, cost-effective and on-time solutions for Industrial, Infrastructure, Automotive and Defence sectors.

**20+**  
YEARS OF EXPERIENCE

**50+**  
SKILLED PROFESSIONALS

**1**  
INTEGRATED FACILITY

**1000+**  
SATISFIED CLIENTS

### INTEGRATED CAPABILITIES. END-TO-END EXCELLENCE.

From raw coil to precision component - we control the entire process.

#### MATERIALS WE PROCESS

HR (HOT ROLLED) | CR (COLD ROLLED) | SS (STAINLESS STEEL)

### OUR STATE-OF-THE-ART FACILITY

- 20 Ton Coil Handling Capacity
- Advanced CTL Line
- 6kW High Power Laser Cutting
- Precision CNC Bending
- Modern Fabrication Shop
- In-house Quality Control
- Spacious & Well Planned Layout
- Safety | Quality | Efficiency

**30,000+**  
SQ. FT. AREA

**20 TON**  
COIL CAPACITY

**24/7**  
OPERATIONS

**100%**  
QUALITY FOCUS

### CTL SHEET PROCESSING LINE

Our advanced CTL line processes HR, CR & SS coils up to 20 tons to produce precise, high-quality sheets with consistent flatness and thickness.

Coil Width	1250 mm
Coil Thickness	1.00 - 6.00 mm
Cut-to-Length	500 mm - 6000 mm
Accuracy	±0.05 mm

### HIGH POWER LASER CUTTING

Equipped with 6kW Fiber Laser for high precision, clean cuts and optimized productivity.

- Sheet Size: 3000mm x 1500mm
- Material Thickness: 1mm - 25mm
- Cutting Accuracy: ±0.1 mm
- High Speed & Efficiency

### CNC BENDING EXCELLENCE

Precision CNC Press Brakes for accurate forming, repeatability and complex part manufacturing.

- Bending Length: Up to 3200mm
- Press Capacity: Up to 250 Ton
- Accuracy: ±0.1°
- Material Thickness: Up to 12mm

### FABRICATION THAT DELIVERS

From concept to completion, our fabrication team delivers rugged, precise and reliable solutions.

- Welding (MIG / TIG / ARC)
- Surface Preparation
- Sub-Assembly
- Final Assembly
- Quality Checked

### OUR PRODUCTS

We manufacture custom solutions as per customer drawings and specifications with uncompromised quality.

### INDUSTRIES WE SERVE

- DEFENCE & AEROSPACE
- INFRASTRUCTURE
- AUTOMOTIVE
- RAILWAYS
- ENERGY
- INDUSTRIAL EQUIPMENT

### WHY PARTNER WITH GV IRON & DEFENCE?

- ✓ Integrated Manufacturing - From coil to component
- ✓ Consistent Quality - Precision at every stage
- ✓ Timely Delivery - Reliable & on-time commitments
- ✓ Flexible Solutions - Customized to your requirements
- ✓ Competitive Pricing - Best value for long-term partnership
- ✓ Strong Business Ethics - Transparent & trustworthy

**WE DON'T JUST SUPPLY COMPONENTS, WE BUILD LONG-TERM PARTNERSHIPS.**

**VARDAN JAIN**  
Director

**VIKAS JAIN**
